

Genuine Heroes and True Patriots

On July 26, 2024, the respected Comrade Kim Jong Un visited the Fatherland Liberation War Martyrs Cemetery on the occasion of the 71st anniversary of the great victory in the Fatherland Liberation War.

In spite of the rain, he went round the cemetery, together with war veterans.

That day he said: All the first defenders of the DPRK who brought about the miracle of July 27 were ardent revolutionaries with noble ideals, beautiful hopes and ambitions and genuine heroes and true patriots as they wrote a legendary chapter of history of resistance, admired by the whole world, and opened up a bright future of the Korean revolution with their warm blood.

This reflected his benevolent affection to add eternal glory to the immortal and heroic spirit of the victorious wartime generation to defend the country.

Such war veterans of the DPRK, who are leading a dignified and worthwhile life under the warm care of the peerlessly great man, can be found nowhere else in the world.
